Bruin Health Pharmacy & U See LA Optometry Also Serves UCLA Staff & Faculty

UCLA Staff Assembly hosts regular Learn-at-Lunch (L@L) events for all UCLA employees.

This month, representatives from the Bruin Health Pharmacy and U See LA Optometry, both extensions of UCLA's Arthur Ashe Student Health & Wellness Center, are pleased to introduce their range of services available to UCLA staff and faculty. Located in the Ackerman Grand Union, both Bruin Health Pharmacy and U See LA Optometry offer the convenience of an on-campus experience, delivered by full-time and friendly, professional clinical staff.

Light refreshments will be included, but feel free to bring your own lunch. Please arrive on time to grab some refreshments before experiencing the full presentation and Q&A session. We look forward to seeing you!
